Indpur Goenka High School, West Bengal

## Internship(s)/Work Experience

### Project(s)

#### Create a responsive seat selector UI – May 2024

I have done this project for one of my courses in Coursera. For this project, I utilized HTML for structure, CSS for styling, and JavaScript for interactivity. It improves the booking experience, leading to user satisfaction and increased conversion rates.

#### My Portfolio Website – August 2024

In this website I have included all my works, projects, certificates, my resume etc. This website is live on Google.

#### Restaurant Website – September 2024

This is a project for an internship at Orinson Technologies. This website is also live on Google.

#### AI Powered Hand Gesture control car – January 2024 – March 2024

This robot was built as a college project under an organization Ardent Computech Pvt. Ltd. With a team of 4 people where my responsibilities included - make an app using python in MIT app inventor website, help to draw the circuit diagram and testing the project.

## **Skills**

### **Technical Skills**

- **Languages**

HTML, CSS (Advanced)

JavaScript (Advanced)

Python (Intermediate)

C language (Advanced)

C++ (Intermediate)

- **Frameworks**

NodeJS

ReactJS

- **Other**

Data structure & Algorithms

- **Database**

MySQL

- **Soft Skill**

Effective Communication

Time Management

### **Training & Workshops**
